How it Works

After completing your membership agreement with a member of our Yacht Sales team, you will be contacted by a dedicated yacht Experience Coordinator who will assist you with selecting one weekend reservation (Sat/Sun) and up to five weekday reservations in advance. This will ensure those special dates you want are secured. Two weeks prior to your booking, you will select the time and type of charter you wish to embark on, and the number of guests in your party with your preferred dock. All reservations include our Tier 1 Provisions. Next, get ready to board! Your designated Experience Coordinator and Captain will meet you and your party at your specified dock location and go over the safety protocols for your specific charter. Then you're on your way to creating a sacred memory to last a lifetime. Any additional dates may be reserved beginning the Sunday of your desired week!

Types of Charters

Discover a curated way of boating that allows you to explore your boating style. From bareboat with you as the Captain to a professional crew, we are certain your journey will be one for the books!

Bareboat Charters

The most popular boating charter; you will operate the yacht in accordance with your own itinerary, navigation, anchoring, and caring for the boat yourself. Perfect for those wanting to be alone on the yacht and wishing to chart their own course. Prior boat experience and boating certification is required. We will provide:

- Full or partial provisioning (Tier 1 Provisions included)
- Charts and an overview of local main attractions, hazard information
- Walkthrough a tutorial on the boat's equipment and boat certification

Crewed Charters

Let our crew handle the details and the navigating. Our crewed charter consists of just a Captain or a Captain and a Chef. Your appointed Captain will manage the boat and cruise along the most popular areas of the water grounds. They will be fully responsible in the event anything goes array making your boating experience much more relaxing than taxing. Customized provisions will be readily available.

Cabin Charter

These charters are crewed and designed to share with others. With all the perks of a crewed charter, this is a great option for last minute bookings, a great way to meet new friends, explore new charts, or board a theme based excursion. Provisions may vary.

Fishing Charter

Fishing license and Captain in tow, grab your friends and family and let your rods go! This charter comes equipped with everything you need to hook your next big catch. All fun with zero maintenance, your experienced fisherman Captain will guide you to waters where you're sure to score, and will be available to filet your prized possession and keep it on ice. Tier 1 Provisions included.
